Qualification Overview

The Level 3 Award in 'Undertaking Independent Missing Return Interviews for Children' has been carefully researched, written and developed by Shropshire Academy and Learning Trust in conjunction with NOCN, a leading provider of high quality qualifications, apprenticeships and assessments.

This accredited training programme is fully aligned to the Department for Education's Statutory Guidance (2014) Guidance states that when a child is found, and returned home after running away, they must be offered an **Independent Return Interview** within 72-hours of their return. Statutory guidance states that this should be an in-depth interview that is carried out by a **non-statutory, trained practitioner** and someone who is not involved in caring for the child.

For **Safeguarding Interview Practitioners** who meet directly with Children who Run Away or go Missing from Home or Care, this evidence-based and carefully designed qualification aims to provide further safeguards and proactive support to children that are vulnerable and at risk of harm, further harm and exploitation, whilst validating and quality assuring practitioner competence for those undertaking Independent Missing Return Interviews.

The qualification is a nationally accredited and Ofqual regulated, to provide reliable and competency-based evidence which indicates the knowledge and skills that learners have demonstrated in order to receive qualification status.

This qualification is recommended requirement for those with responsibility for interviewing children that run away and go missing from home and/or care.
